

Echocardiography in small animals: Level I a "taster" workshop

This course is designed to give the veterinary practitioner a basic understanding of small animal echocardiography. Major topics include normal cardiac anatomy, basic techniques, standard views in cardiac ultrasound and hands-on scanning of dogs. The participants will rotate in hands-on sessions where individual coaching of how to obtain echocardiographic imaging planes and measurements taught in the lectures is the main focus.

First Day, Sunday, December 2nd 2018

09.00 - 10.00 Echocardiography: basic applications from the right parasternal approach, standard imaging in 2D, normal morphology
10.00 - 10.30 Practical demonstration of a cardiological examination, right approach
10.30 - 10.45 Coffee Break
10.45 - 12.30 Echolab: hands-on in small groups
12.30 - 13.30 Lunch
13.30 - 15.00 Echolab
15.00 - 15.30 Coffee Break
15.30 - 16.00 Lecture: basic echocardiographic measurements in 2D and in M-mode
16.00 - 17.30 Echolab

Second Day, Monday, December 3rd 2018

09.00 - 10.00 Echocardiography: applications from the left parasternal caudal (apical) and left cranial approach (atrium and auricle), normal morphology
10.00 - 10.30 Practical demonstration of a cardiological examination, left caudal and cranial approach
10.30 - 10.45 Coffee Break
10.45 - 12.30 Echolab: hands-on in small groups
12.30 - 13.30 Lunch
13.30 - 15.00 Echolab
15.00 - 15.30 Coffee Break
15.30 - 16.00 Lecture: important technical facts of assessment of Doppler
16.00 - 17.30 Echolab

Presented by:

Dr.med. vet. Susanne Thamke

Dr. Susanne Thamke med. vet., more than 26 years Ultrasound teaching & training experience for various ultrasound companies and academies, including Esaote, GE Healthcare, ESAVS European School for Advanced Veterinary Studies

Venue: Hong Kong Veterinary Imaging Center

2 Days 2 - 3 December 2018 Workshop:

HKD 10,800.00

Application

Complete the registration form and payment record by fax +852 3015 2838 or by E-mail: info@apasi.com.hk

Website: <http://www.apasi.com.hk>

Email: info@apasi.com.hk

Tel: 852 - 3579 4988

Fax: 852 - 3015 2838

Quota: 8 - 10 participants

Sponsored By

* Scanning Dog models included

**There will be exam for each echo imaging plane

Registration Deadline: 30 September 2018
